MYLOAN DINH

Lead Artist

I am an artist, a refugee, a woman of color and a neighbor. My work deconstructs materials, images, objects and texts to (re)construct personal experiences and narratives within the greater cultural context of which I am a part.

My community where I live and work is a colorful patchwork of unique and diverse experiences forming a collective history. I was raised in East Charlotte and I look forward to threading your stories into this beautiful and inspiring project.

MICHELLE "BUNNY" GREGORY

I am a black woman who believes that the people in our neighborhoods are all pieces of patchwork, all completely different. It is when we create a "quilting circle" to bring all those DIFFERENT pieces together that we see something beautiful... a COMMUNITY!

Communities are circles and circles are complete! When we connect with one another and accept each other's differences, we make something beautiful! This is how I live my life.

Patchwork CROSSWALKS

Announcing MoRA's third major art project within *Patchwork*, a collection of art along Monroe Road.

SEEKING DESIGNERS... YOU!

All activities appropriate for ages 5+
No artistic skills required

Patchwork Crosswalks is a commissioned artwork to be completed in Spring 2021. These three crosswalks will share stories of area residents and reflect the unique identities of MoRA's communities. They'll be inspired by patchwork quilting, where individuals gather to share stories and create art together.

MoRA is partnering with ArtWalksCLT, which is designing an East side art trail that will weave into *Patchwork* along Monroe Road.
